10AM **April 18, 2024**

SRAR Santa Clarita Office
28033 Smyth Dr. Valencia, CA 91355

Free
Members Only

Danny Ruiz worked in tech for 10 years at various large and small companies. Currently, he works at Meta / Facebook as a Product Manager with the AI team. He also builds apps and businesses, such as ListingGenius.ai, which helps Real Estate Agents save time with AI.

Mark Sarria, with 22 years in the tech sector, leads VelocityNex, driving innovation in customer experience and operational efficiency. His strategic approach to digital transformation has significantly boosted sales & secured valuable contracts.

Jordan Orlick is a self-taught programmer, CEO, & Co-Founder of LetzChat, Inc. Orlick is the lead developer and had a major part in programming all of the LetzChat AI-Language Translation services. Orlick studied Electrical Engineering at CSUN, an Eagle Scout in the Boy Scouts of America, and holds two United States patents.
